Are your garments spotless are they white as snow?
G D G
Are you washed in the blood of the lamb?

Are you walking daily by the savior's side?
Are you washed in the blood of the lamb?
Do you rest each moment in the Crucified?
Are you washed in the blood of the lamb?

Chorus

Lay aside your garments that are stained with sin
And be washed in the blood of the lamb?
There's a fountain flowing for the soul unclean
Oh, be washed in the blood of the lamb

The 1959 Broadway musical The Sound of Music by Rodgers and Hammerstein is one of the most popular musicals in history, and it spawned a number of classic show tunes including The Sound of Music, My Favorite Things, Do-Re-Mi and Edelweiss. In the Broadway version of the musical, the character Captain Georg Ludwig von Trapp sings Edelweiss, along with the rest of his family, in response to the German military's desire to get him to join the Nazi war machine. The song contains both a powerful message of resistance and a patriotic declaration of the family's love for Austria, their home country. In the popular 1965 film starring Julie Andrews and Christopher Plummer, Captain von Trapp sings the song in a more innocent scene where he connects with simpler loves in life. Originally the music was performed by the folk guitarist Theodore Bikel who was also the originator of the role of Captain von Trapp. The song is a waltz with lyrics that use the metaphor of the edelweiss flower, a native flower of Austria, as an image that the family will use to remember their home. The tune has since become a popular song played in some Christian churches the United States during the benediction at the end of services. The following notes are helpful when using Edelweiss guitar chords, lyrics and tabs. The version of Edelweiss in the Broadway musical is performed in the key of B flat. This is accomplished by putting a capo on the third fret and playing out of the G position. Basically, you just play the shape of the G chord, C chord, D chord, etc., but because of the capo, the song is actually being played in B flat. If this key doesn't work for you, experiment with moving the capo up and down the neck until you find a key that feels comfortable for your voice. © 2022 LoveToKnow Media. All rights reserved. The name is derived from the white flower by the same name, which is found high in the Alps mountain range. In the play the song is sung by Captain Georg Ludwig von Trapp and his family during the concert near the end of Act II, the song is presented as a show of defiance and display of Austrian patriotism, in the face of Nazi pressure for the Captain to serve in the German Navy. In the 1965 film adaptation the Captain also sings the song earlier in the film when he rediscovers music and a love for his children. The role was originally played by Theodore Bikel in the Broadway production.
